

STAFF REPORT TO THE BOARD OF TRUSTEES

December 10, 2025 Meeting

Agenda Item: 8a. East Ridge at Loch Lloyd – Third Plat (Argyle Drive Extension) Review and Approval of Final Plat / Final Development Plan

BACKGROUND

LL North, LLC, owner of 4.14 acre site, generally located at the north terminus of Argyle Drive within the Village of Loch Lloyd, and represented by Dale Brouk with Trident Real Estate, has submitted an application requesting approval of a final plat and final development plan to plat this property into 4 single-family residential lots. This property was rezoned from Recreational and Open Space District (ROS) to Planned Residential Development District (PRD) and a Preliminary Plat and Preliminary Development Plan was approved in February of 2025 (see Exhibit 1 – Location Map and Final Development Plan / Final Plat).

Planning and Zoning Commission Action

On December 10, 2025, immediately before the scheduled meeting of the Village Board of Trustees, the Village Planning and Zoning Commission is scheduled to meeting to review and consider and make a recommendation regarding the approval of the proposed final plat and final development plan. The results of the Commission meeting will be provided at the Board meeting.

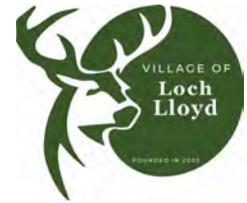

Final Plat and Final Development Plan

The Final Plat and Final Development Plan is consistent with the approved Preliminary Plat and Preliminary Development Plan that proposed to subdivide this parcel into 4 single-family residential lots. The lots range in size from 0.37 acres to 0.87 acres with an average lot size of 0.60 acres. The setbacks proposed are 20 ft front yard, 10 ft side yard, and 20 ft rear yard setbacks. The proposed minimum floor area for these homes are 2,100 sq. ft. for a 1-story house and 2,400 sq. ft. for a 2-story house with a minimum first floor area of 1,800 sq. ft. (see Exhibit 2 – Preliminary Plat/Preliminary Development Plan).

Plat Improvements

The applicant has constructed the streets, water and sanitary sewer lines, and stormwater improvements necessary to serve the proposed residential lots. The construction plans for these improvements, including the stormwater management plan, were reviewed by the Village's engineer, George Butler Associates, Inc. (GBA) and found in compliance with Village regulations.

The electrical service and bases for the streetlights are nearing completion with installation of the streetlights to occur when the fixtures are delivered. The landscaping for Tract BB is to be completed in March or April of 2026. The applicant is in the process of obtaining approval from the Northwest Cass County Water Resource District for their acceptance of the new water and sewer lines, and this approval and acceptance has been included as a condition of final approval. The new street will be dedicated to the NW Cass Community Improvement District (CID), consistent with the adjoining plats.

Land Use Master Plan

The Village's adopted Land Use Master Plan identifies this property as single-family residential and the Planned Residential Development District (PRD) zoning and the proposed plat is consistent with the Master Plan (see Exhibit 3 – Land Use Master Plan).

Meeting Notice

In accordance with the Unified Development Ordinance of the Village of Loch Lloyd, a sign providing notice of this Board meeting was posted on the property on November 24, 2025.

RECOMMENDATION

Findings

The proposed Final Plat and Final Development Plan is consistent with the previously approved Preliminary Plat and Preliminary Development Plan and conforms to the Planned Residential Development District (PRD) zoning of the property. The plan is also consistent with the Village's adopted Land Use Master Plan map and policies.

Conditions of Approval

It is anticipated that the Planning and Zoning Commission will recommend approval of the of the proposed final plat and final development plan for East Ridge at Loch Lloyd – Third Plat, based upon the above findings subject to the following conditions.

1. The applicant shall obtain approval and acceptance of the new water and sewer lines by the Northwest Cass County Water Resource District prior to the recordation of the final plat with Cass County.
2. The applicant shall submit stamped and signed copies of the Final Plat and plat documents to the Village of Loch Lloyd and record the plat with Cass County prior to issuance of any building permits for single-family structures.
3. The applicant shall pay all application fees and costs incurred by the Village for the processing and review of this application.

Attached as Exhibit 4 is an ordinance for the Board's consideration.

*Respectfully submitted by Christopher Shires, AICP, Principal, Confluence, Inc.
Planning Consultant for the Village of Loch Lloyd*
